Electric Kettle

PEK-710F

MADE IN CHINA

Specifications

Capacity : 1.7L

230V / 50Hz / 2200W / GS

120V / 60Hz / 1500W / UL

360° rotational plastic body with stainless

Steel decoration

Large transparent water

Gauge to show the water level

Steam and boil-dry protections

On/off switch with blue light indicator

High grade modeling

Detachable filter screen for easy cleaning

Automatic lid-opening structure

Provide multiple safe protections for boil

Boil dry and fusing

Concealed heating plate

Separable power base with cord storage and anti-slip functions

Electric Kettle

PEK-740DS

Specifications

- Capacity: 1.7L
- 220-240V/50HZ/1850-2200W/GS
- 120V/60HZ/1500W/UL
- 360° rotational kettle
- Stainless steel body
- Automatic lid-opening function
- Lid and base with stainless steel decoration
- With rear water gauge
- On/off switch with light indicator
- Boil dry protection
- Automatically turns off when water boils
- Cord-storage
- Conceal heating element
- Anti-slip feet design

MADE IN CHINA

Electric Kettle

PEK-740FS

MADE IN CHINA

Specifications

220-240V/ 50Hz /1850-2200W /GS

Capacity:1.7L

360° rotational stainless steel kettle with filter

U-shaped heating element

Dual water level gauge in two side

Showing the water level clearly

ON/OFF switch with indicator showing the working state

Heating while the indicator lighted

Automatically turns off when water boils

With boil-dry protection

Electric Kettle

PEK-790H

MADE IN CHINA

Specifications

220V-240V/2520W-3000W

Hot cup

Boils and dispenses water in 45 seconds

Water is only dispensed at boiling point

Plastic body with stainless steel decoration

Stainless steel heating plate

Illuminated water tank capacity: 5 cups (250ml per cup)

Blue illumination as it boils

Detachable base

Easy fill just like a kettle

Boiling water at the touch of a button

No mess drip tray

Anti-slip feet

Electric Kettle

PEK-790WT

MADE IN CHINA

Specifications

Tea tray

2200W for boiling

50W for keep warm

1.7L for kettle

1.2L for tea cup

S/S water jug and S/S decorating for base

Water jug 360 degree turntable
